Back by popular demand... This exhibit is all about creativity, and YOU are invited to participate. We had the original Lost & Found show several years ago and along with being an exciting opportunity for creative types, it was a fabulous exhibit of finished work that everyone loved.

How it works...

You, the creative person (you don't have to be a "professional artist") purchase one of our pre-assembled kits which contains all the "elements" that you must include, in some manner, to create your mixed media assemblage. You can add to it to go further than what's in the kit... that's just part of being your creative-self. All kits have both 2-D and 3-D elements to include. We hope you take the challenge. **Order your kit!** The finished artworks will be displayed and for sale, throughout the month of July and we will have an exciting opening reception for all our participants on Friday, July 3, 2026. LIMITED SPACE! Kit fee \$45 (no additional fee to participate)

YOU MUST USE SOME OF EVERYTHING THAT WAS PART OF YOUR KIT!

You can add to it... you must also use the 8x10" cradled board but can choose to incorporate it into something larger. Please do not exceed 36"w x 36"d x 60"h.
